Topics of discussions

Town Plan Update

Format for each section should be:

- Short introduction
- Objective/goal
- current inventory

Action items:

- Jill to engage Jean K or Tammy regarding the well head protection for Jeffersonville village, which resides outside the Jeffersonville village (within the town of Cambridge limits).

Preparation for the December 11th meeting where experts for each section should either be present to answer questions, or have answered questions prior to the meeting, so we can review and write text that will be included in the town plan.
