The Town Plan was adopted by the Selectboard at this mtg.

Michael asked the Selectboard if the PC could continue with work on Flood Hazard reg updates now that the Town Plan revision was completed. They did not answer.

Note: Michael later recovered a ltr from the selectboard from June 20-2012 asking the PC to move forward on town Plan revision and Flood Hazard reg updates.

Further discussion on Flood Hazard regulations and the concerns of property owners affected by regulations both positively and negatively (from the landowner perspective).

John Hayden asked to have his perspectives heard regarding the Marsh's proposed Act250 application amendment to fill in additional parts of their rt. 15 property. John is an adjacent landowner that wishes to have the PC hear his perspective.

Next mtg is November 18th. John Hayden has +/- half hour on that agenda to discuss.
