

March 17th 2014 Planning Commission Meeting Minutes: Mtg start at 6:40

posted Apr 22, 2014, 8:43 AM by Jill Richardson

Attendees: Jill R, Werner B, Doug B, Michael M, April E

Richard Williamson was a member of the public in attendance.

Reviewed mail and no actions.

Continued discussion with Richard W about appletree lane act 250 development application. Discussion focused on wetland aspects of the property and agricultural soils concerns.

It was suggested that adjacent property owners be contacted to attend the April mtg. **Michael M** is to do this.

Flood Hazard Review process discussion: Suggested May mtg for public input on FH regs.

The PC wants to reach out to FH property owners specifically for their input- as well as the general community's. We will need an invite list of property owners to reach out to with FH property. **April E** will look in to that.

Michael M will email folks the current FH bylaws document that is available through LCPC website.

Everyone needs to read the models. This includes state and NFIP options.

Jill R will email model 6 to the PC.
