

## CCC Minutes July 14, 2016

- Minutes approved from last month.
- Storm water update: Kick-off meeting was yesterday.
  - Need engineering study; the surveyors are out now.
  - Potential for video with the school?
  - Rain garden construction: will need volunteers, either this year or next
- Financial Report: end of second quarter
  - Haven't received Trail Coalition check.
  - Spent \$1662 in trail costs, leaving \$1,078 left (please double check these numbers, Jean!). Costs are from monthly mowing bill.
  - Checking account at \$700—may be a little short if we spend all allotted money, but we should still have enough for Orange Up Day
- John – walking the Lamoille Valley Rail Trail
  - Swanton to Cambridge – took two nights
  - Do we still need signs for the trailheads?
- Nature Report:
  - Justin saw a fox on Williamson Road
  - Jean's horses surrounded by what she believes are grackles. John thinks they are starlings.
  - Laurie Cartwright has noticed ground bees at the community center. Good news!
  - The Localvores have a pet Canadian goose – Gussie – that was found in a Jericho parking lot. It was dehydrated. It is legal to have them as pets. Gussie has settled in with the ducks.
- Meeting adjourned!
